Student Safety is Paramount
Safety is a community-wide shared responsibility at NC State. The University Police Department provides professional law enforcement, effective emergency response, crime and incident reduction and community outreach and education. Your student’s safety is paramount to us. As a community we are dedicated to not only protecting your student but also empowering them through safety education so they can better safeguard themselves and their property.

Please remind your student of these essential safety tips,
1. Do not leave belongings unattended for any length of time.
2. If walking at night, be sure to walk in groups and stay within well-lit areas. Always be aware of your surroundings, use alternative transportation or our University safety escort services.
